- **FF2** p. 166

GBRS TRUNKING

For any application requiring a high electromagnetic and mechanical protection.

Suitable for fibre-optic cables.

BENEFITS:

EMC > the ideal solution against external influences when used with covers.

To separate power cables from data cables you can either use 2 trunkings or 1 trunking with LPS divider.

- Excellent mechanical protection
- Non cutting edges: safety return flange
- Special permanent cover clip
- Adapted radius for fibre-optic cables on request
- Contains no chromium > recyclable
- Electrical continuity in compliance with IEC 61537
- Versatile: large range of widths from 50 to 500 mm
- Heights: from 24 to 96 mm

Stainless steel and aluminium on request.

GBRS	Maximum capacity (kg/ml) for a density of

GRS TRUNKING

THE reference in terms of mechanical protection and EMC, in particular for communication cables

- Safety return flange allowing fastening of cover clips
- IPx index increased
- Economical assembly: fewer supports required due to higher resistance of the profile shape
- EMC according to EN 50085 standard

Upon request:

- Other dimensions
- Other finishes: HDG or Stainless steel

- Also suitable for applications where dismantling requires tools
- Removal with tool only: use C06 clips
- Self tapping screw or pipe clamp available upon request
- Requires 6 clips every 2 metres

C03 COVER CLIPS

		p	Description	Code	Weight kg/100
SS	100		CLIPS C03 SS	023450	0.300

		p	Description	Code	Weight kg/100
EP	100		CLIPS C03 RILSAN COATED	023451	0.300

The use of C03 Rilsan coated clips is recommended for:

- Cable tray or trunking made of aluminium
- In case of severe corrosion risks

Use 6 clips every 2 metres

C06 CAPTIVE CLIPS

		p	Description	Code	Weight kg/100
SS	100		CLIPS C06 SS	023454	0.800

Tamper proof mounting of GRS covers.

For some applications, installation standards may require that the cover should be removed only by means of a tool. In this case, we suggest the use of self-tapping screws, clamps or bindings.

C07 CAPTIVE CLIPS

		p	Description	Code	Weight kg/100

GP TRUNKING & COVER

Recommended for heavy loads, reinforced protection for floor assembly, particularly suitable for industrial applications

- Length: 2 m
- Thickness 1,5 or 2 mm for any configuration
- Other dimensions upon request

Covers:

- Clip-on, strong thickness for walkable applications
- Non slip version upon request

GA TRUNKING AND COVERS

Recommended for food and pharmaceutical industries or fine chemistry

- Dustproof: closed and rigid system
- Clip-on covers delivered as standard
- In compliance with HACCP guidelines

Characteristics:

- Trunking system in Brushed Stainless Steel
- Length 2 metres
- Delivered with cover
- Clip-on end plates and cover junctions

Upon request:

- Other dimensions
- In-house fastening of **LPSNP dividers**

FF2 ALUMINIUM TRUNKING

- Inviolable
- Contains 2 separated circuits thanks to an integrated central divider
- Delivered with clip-on cover

FF2

	m	Description	Code	Weight kg/ml	Th. mm	H. mm	W mm
AL	3	FF2 20x 50 AGST5 +CO	020001	0.750	1.50	20	50

The FF2 cable trunking base is fitted with guiding grooves for drilling purposes
The FF2 cable trunking may also be fixed to a smooth and rigid wall with double sided adhesive tape (or any other suitable method)
